

Allure™ Aqueous Photo Panels

Product Description

Allure is a revolutionary new product from Breathing Color that allows you to print directly to a rigid metal with photo quality using your existing Epson® and Canon® printer with OEM inks. Allure is coated with Breathing Color's proprietary industry-renowned inkjet coatings that have made our papers and canvas a staple for printmakers worldwide. For maximum durability, use a film laminate to protect the printed surface. This will also allow you to achieve multiple different levels of sheen (gloss, semi-gloss, luster, matte, etc.).

Physical Specifications

Material Type	Aluminum Photo Panel for Aqueous Inkjet Direct-to-Surface Printing
Thickness	0.045" (1.2 mm)
Gloss Level	2
Texture	Smooth
CIE Color (F7/2°)	L*95.9 / a* 1.8 / -9.0
Print Permanence	Testing in progress

Printer Compatibility & Handling

Aqueous Printer Compatibility	Epson®, Canon® View Comprehensive List Online
Solvent Printer Compatibility	N/A
Ink Compatibility	Pigment & Dye
Optimal Print Environment	70°F (21°C), 30-60% Relative Humidity
Handling:	Avoid touching the coated surface. Cotton gloves should be used when handling inkjet coated materials from Breathing Color. Note: the white, printable surface of Allure is protected by a release liner that must be removed before printing.

Additional Information

Storage	70°F (21°C) / 50% Relative Humidity; store in original packaging and in a controlled environment
Shelf Life	Minimum 1 year from purchase date, when stored as specified
Lamination	Not required, but highly recommended by Breathing Color
Laminate Compatibility	Quartz Film Laminates, by Breathing Color
Print Settings & ICC Profiles	https://www.breathingcolor.com/print-on-allure

Note: Actual print stability will vary according to media, printed image, display conditions, light intensity and atmospheric conditions. Breathing Color does not guarantee the longevity of prints. For maximum print life display all prints under glass or lamination or properly store them. All of the descriptive information and recommendations for the use of Breathing Color products should be used only as a guide. Furnishing such information and recommendations shall in no event constitute a warranty of any kind by Breathing Color. All purchasers of Breathing Color products shall independently determine the suitability of the material for the purpose for which it is purchased. Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Neither the seller nor manufacturer shall be liable either in tort or in contract for any loss of damage, direct, incidental or consequential (including loss of profits or revenue) arising out of the use of or the inability to use the product. No statement or recommendation not contained herein shall have any force or effect unless in agreement signed by officers of seller and manufacturer.
